Abstracts

Mexico, just like most countries, was under strict restrictions in 2020, owing to the pandemic. With its on-trade venues either being fully shut or having their capacity reduced, the economy was drastically hit. These restrictions had the most adverse effect on the alcoholic drinks industry, where glass bottles and metal beverage cans are the main pack types. Although the unit volumes of glass bottles declined in 2020, they then recorded strong growth in 2021, as this is a favourite pack type fo...

Euromonitor International's Packaging in Mexico report offers insight into key trends and developments in the industry. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
