Abstracts

The pandemic influenced the packaging of products in the Philippines in various ways. In the food industry, metal food cans and flexible packaging were popular pack types in 2021, due to their cheap prices and the convenience they offer. For alcoholic drinks, smaller pack sizes were offered in 2021, to keep the options budget-friendly after the industry took a hit during lockdown. As people did not want to leave their homes too often during the pandemic, e-commerce platforms became popular as pe...

Euromonitor International's Packaging in Philippines report offers insight into key trends and developments in the industry. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.
