Abstracts

In 2021, all industries were seeing an increase in the usage of sustainable packaging materials as consumers, retailers and manufacturers became more aware of the growing impact of packaging on the environment. Tesco, for example, changed the packaging material used in its dairy products. HDPE bottles and thin wall plastic containers are very widely used in dairy products in the UK, with both benefiting from the demand spike for these products in 2020. Thin wall plastic containers, the main pack...

Euromonitor International's Packaging in United Kingdom report offers insight into key trends and developments in the industry. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
