Pages: 22

Price: US\$ 990.00 (Single User License)

ID: PBE17003CC1EN

## Abstracts

Despite challenging macroeconomic conditions in the country and higher prices for just about everything, paediatric consumer health managed to record positive growth over the review period and in 2023, reflecting the importance families place on the wellbeing of their children. Parents do their best to keep their children healthy, especially following the return to in-person learning when many colds and viral infections were circulating after such an extended lockdown period.

Euromonitor International's Paediatric Consumer Health in Dominican Republic report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Nappy (Diaper) Rash Treatments, Paediatric Analgesics, Paediatric Cough, Cold and Allergy Remedies, Paediatric Dermatologicals, Paediatric Digestive Remedies, Paediatric Vitamins and Dietary Supplements.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
