Abstracts

Paediatric consumer health is achieving strong double-digit value growth in 2023 as a result of consumer demand for high-quality consumer health products positioned for children, coupled with rising unit prices and the impact of inflation. Paediatric cough/cold remedies continues to register the fastest retail value growth in 2023 as a result of stable consumer demand and strong unit price increases. This category saw significant decline during the COVID-19 pandemic; however, with society fully...
