Abstracts

Paediatric vitamins and dietary supplements remained the largest and most dynamic product area in current value terms in 2023, with parents remaining keen to protect their children's health. As demand grew, so too did the variety of offerings, with the competitive landscape becoming more fragmented both in terms of product variations and brands. Various formats, flavours and new additional ingredients were promoted and advertised to attract the attention of more educated parents who were willing...

Euromonitor International's Paediatric Consumer Health in Thailand report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
