Abstracts

In 2022, the main trend in the packaging industry in Italy was a strong emphasis on sustainable and eco-friendly packaging solutions. Italy, like many countries, is experiencing growing concerns about environmental issues, prompting a shift in consumer preferences and government regulations towards more sustainable practices. As a result, brands were increasingly driven to shape their packaging by adopting eco-conscious materials, reducing packaging waste and embracing recyclable or biodegradabl...

Euromonitor International's Packaging in Italy report offers insight into key trends and developments in the industry. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Packaging market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.
