Abstracts

In 2022, Spain's packaging landscape continued to see growth in plant-based dairy, with brick liquid cartons remaining the primary packaging type for these products due to their exceptional barrier properties. Emerging categories like plant-based cheese and yoghurt saw robust growth, with thin wall plastic containers, flexible plastic and flexible aluminium/paper showing promise.

Euromonitor International's Packaging in Spain report offers insight into key trends and developments in the industry. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
