# **Abstracts**

Sales of personal accessories are expected to show continued signs of recovery in the market in 2023, despite factors hindering growth, such as local political uncertainty, higher household debt, high rates of inflation, and higher consumer expenditure on living costs. Most categories within personal accessories are set to enjoy a continued rebound in 2023, thanks to a recovery in demand post-COVID-19. This includes the return of demand from inbound tourists from many parts of the world. Luxury...
