Abstracts

Personal accessories is anticipated to keep expanding in retail volume terms in the UK in 2023, due to continued indulgence amongst consumers in the country, as well as the resurgence and growth of inbound tourism. While sales are also anticipated to grow in current value terms in 2023, the rate of increase is set to be lower than in the previous year, due in large part to the fact that significant unit price increases were implemented in 2021 and 2022, while they have been relatively moderate i...
