Abstracts

The personal services industry's growth remained moderate over 2019. The labour market performed well during the year, with a record low unemployment rate. In addition, wage growth continued to pick up, while household indebtedness remained relatively low. However, an economic slowdown in 2019 weighed on consumer credit and private consumption growth. German consumers ramped up their savings ratio and were more conservative in their spending habits. Moreover, favourable lending conditions contri...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Personal Services market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.
