Abstracts

Hungary is seeing a significant increase in pet food production capacity, further solidifying its position as a major player in the global pet food industry. This growth was driven in part by Nestlé Purina's expansion of its production facility in Bék, Hungary, which now boasts the largest pet food production capacity in Central-Eastern Europe. As a result, Hungary now ranks as the 13th largest pet food exporter worldwide.

Euromonitor International's Pet Care in Hungary report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Pet Food, Pet Products.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
