Abstracts

In 2023, pet care in India is expected to display strong current value growth, driven by increasing pet humanisation and greater accessibility to pet food and pet products. Rising awareness and knowledge of the importance of good nutrition for pets is also set to propel the growth of prepared dog and cat food. In addition, there is a conscious shift in terms of consumers with higher disposable incomes spending on premium products with high-quality, nutritious ingredients, as pets are becoming an...
