Abstracts

Pet care in the United Arab Emirates saw retail volume and current value growth across both pet food and pet products in 2022, and this is set to continue in 2023. One of the main factors contributing to growth is that fact that the pet population has been witnessing continuous growth since the pandemic, with growth in the number of all types of pets. The country has a large expatriate population, and many of them wanted a companion while spending long hours at home for work, education and socia...
