Abstracts

While the COVID-19 pandemic is no longer a serious concern the slowdown seen in the local economy is a key issue in 2023. With average income decreasing, unemployment rising and with elevated inflation this is having a detrimental impact on disposable income. Nonetheless, despite these numerous challenges pet care continues to see double-digit growth in current value and retail volume terms in 2023.

Euromonitor International's Pet Care in Vietnam report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Pet Food, Pet Products.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Pet Care market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;
