Abstracts

Growth in Australia's pharmaceutical and medical device manufacturers' revenues accelerated in 2018, primarily on the back of surging exports, especially to China and the US. Companies' sales to the US market were mainly driven by the country's spending on health infrastructure and consequent demand for medical devices. Shipments to China also recorded significant growth, supported by the expansion of healthcare and social services within the country, with rapidly increasing consumption of pharm...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Pharmaceuticals and Medical Equipment market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.
