Abstracts

Plant-based dairy packaging volumes continued to see strong growth in 2022, due to the rise in consumer demand for plant-based products due health, ethical, or environmental reasons. Swedish consumers are particularly conscious of the impact their consumption has on the world. As such, the move away from animal agriculture in the country has been widespread, and an increasing number of Swedish consumers have begun to follow vegan or flexitarian lifestyles. Animal agriculture is associated with t...
