Abstracts

Portable players is set to return to growth in both retail volume and current value terms in 2023. This growth will mainly be driven by the largest category, wireless speakers. Despite seeing a decline in 2022, caused by the exceptional growth in 2021 and its subsequent sales correction to regular levels, this category is performing well due to the wide variety of products available in terms of prices, brands and quality, and the convenience of these products. Meanwhile, suffering from substitut...
