Abstracts

Portable players would be an overall ailing category, was it not for the relative success of wireless speakers. In line with cross-category trends, consumers are rejecting sole-use devices for those which offer multifunctionality and convenience (such as seen with smartphones cannibalising sales of some sole-use devices). Wireless speakers is one of the winners here. Indeed, household audio preference has shifted to wireless speakers above “static” home audio and video alternatives. The compact...

Euromonitor International's Portable Players in Denmark report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
