Abstracts

Portable players has been showing flat-negative growth over the review period, which worsened through 2021-2023. That said, the overall category volume is expected to be back in small positive volume growth in 2024. Wireless speakers remains the largest subcategory in volume terms, however it is e-readers which is seeing the least steep volume declines across all declining subcategories in 2023. However, e-readers faces ongoing challenges. Some consumers are returning to physical books, along wi...
