Abstracts

Wireless speakers are the only growth area in portable players and also account for most volume sales. Low-cost Bluetooth-enabled speakers are especially popular among younger consumers and are mainly used to stream music via smartphones and computers. However, there is also a premiumisation trend, with value sales expected to register higher growth than volume sales, even when accounting for inflation.

Euromonitor International's Portable Players in Greece report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
