## Abstracts

In 2023, positive volume sales growth in portable players in Indonesia remains entirely driven by sales of wireless speakers, while other product areas are witnessing significant retail volume declines. The surge in popularity of multifunctional devices, notably smartphones, has negatively impacted sales of e-readers and portable media players, both of which typically offer singular functionalities. Today's consumers exhibit a strong preference for investing in smartphones that amalgamate multip...

Euromonitor International's Portable Players in Indonesia report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
