Abstracts

Wireless speakers will continue to exhibit volume growth in 2023, with some of this rise in sales coming at the expense of portable media players, a category in steep decline. Smartphones and streaming content are cannibalising portable media players, as consumers can now access a plethora of audio and video content online via such services as Netflix and YouTube without using additional devices. While portable players are still available through both e-commerce and physical stores, the number o...

Euromonitor International's Portable Players in Italy report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
