Abstracts

E-readers continue to struggle as demand is practically non-existent. The device fails to gain consumer's interest over the popularity of ubiquitous smartphones and tablets, through which consumers can also access e-books. Added to which, the presence and availability of e-readers is also practically non-existent in retailers and limited to online sales from Amazon. Indeed, all brand shares in e-readers are held by Kindle from Amazon.com Inc.

Euromonitor International's Portable Players in Saudi Arabia report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, distribution or pricing issues. Forecasts illustrate how the market is set to change.
