Abstracts

2023 saw e-readers experience declining volume sales after positive growth was registered in the category during 2022. This return to negative sales growth is indicative of the general slowdown that is being seen in demand for these products despite the efforts of leading manufacturers such as Kobo to promote e-readers as relevant and useful consumer electronics items. There are several factors contributing to the downwards sales trends in the category, including economic uncertainty and high in...

Euromonitor International's Portable Players in USA report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
