Abstracts

Premium and luxury cars is set to record current value growth of 10% to total EUR11.6 billion in 2023. This growth stems from the strong demand from higher-income consumers whose expenditure is proving more resilient in the face of macroeconomic headwinds. Wealth determines the degree of demand that exists for premium and luxury cars, and prevailing consumer confidence among this niche demographic is having a significant impact on sales. The number of wealthy individuals in Italy has a huge impa...
