## Abstracts

Retail current value sales of premium and luxury cars increased by 2% in 2023 to total EUR4.7 billion. This performance owed much to heightened demand from high-earning consumers, who were better able to show resilience against macroeconomic headwinds. Wealth determines the degree of demand that exists for premium and luxury cars, and sales are reliant on high consumer confidence amongst a niche consumer demographic. The number of individuals with significant wealth in the country has a big impa...
