Abstracts

While products in processed fruit and vegetables benefited from their long shelf life and convenience, they nonetheless continued to face strong competition from fresh fruit and vegetables, which are often more affordable and more widely available alternatives. Coronavirus (COVID-19) concerns over contact with others and social distancing made it more problematic to obtain fresh fruit and vegetables from traditional markets, but some players took advantage of this challenge. For example, e-comme...

Euromonitor International's Processed Fruit and Vegetables in Indonesia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
