Abstracts

Despite strong competition from fresh fruits and vegetables, processed fruits/vegetables saw buoyant growth in volume terms in 2023, with foodservice driving this expansion. The influence of western-influenced dietary trends, such as the popularity of smoothies, particularly amongst younger consumers, led to a growing demand for fruits which are not typically available in the country, such as blueberries, raspberries or cherries. In addition, some fruits, such as peaches and lychees, have limited...

Euromonitor International's Processed Fruit and Vegetables in Vietnam report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
