Abstracts

In 2021, Chinese consumers were returning to a more normal way of life, following the effects of the COVID-19 pandemic in 2020, due to better control of the virus as well as the country's vaccination programme in 2021, which saw the easing of restrictions for a large part of the year in most parts of the country. Shelf stable fruit therefore recorded strong growth in 2021, benefiting the unit volumes of glass jars and metal food cans used in the packaging of shelf stable fruit. Glass jars is the...
