Abstracts

Shelf stable fruit and vegetables had a very good year in 2020, as demand rose substantially in this year for shelf stable vegetables, which dominates sales of shelf stable fruit and vegetables, and shelf stable beans. This therefore boosted the packaging unit volumes of metal food cans and glass jars, the two main pack types. During the early stages of the COVID-19 pandemic, large numbers of Turkish consumers engaged in stockpiling of essential non-perishable foodstuffs, with shelf stable veget...
