Pages: 10

Price: US\$ 990.00 (Single User License)

ID: PAF03420892EN

Abstracts

Following the initial outbreak of COVID-19 in the United Arab Emirates, consumers were uncertain as to how long the virus would affect their lives, which, combined with the prospect of national lockdown and quarantine periods, led them to stockpile products. This helped boost demand in shelf stable fruit and vegetables packaging in 2020, as consumers prioritised products with long expiration dates that could be stocked and kept in case of product shortages, quarantine or isolation. This boosted...

Euromonitor International's Processed Fruit and Vegetables Packaging in United Arab Emirates report offers insight into key trends and developments driving packaging across the category.
