Abstracts

Sales of processed meat and seafood have risen in 2020 as a large number of Finnish consumers spent more time at home due to COVID-19. This has helped to reverse the negative value growth of 2019 in areas such as chilled processed seafood and chilled processed red meat. The closure of foodservice outlets and schools has also led to increased occasions of cooking and eating in the home, boosting sales of products such as minced meat and frankfurters, along with tinned tuna. Growth in demand for p...
