Abstracts

Shelf stable seafood has been the most dynamic category within processed meat and seafood in 2020, with growth being driven by several factors. Firstly, due to its long shelf life and ambient storage these products are ideal for stockpiling. Concerned about food shortages some households began stockpiling products once LSSR measures were announced. Secondly, with schools closed and many consumers forced to work from home there has also been an increased demand for meal solutions, with seafood be...

Euromonitor International's Processed Meat and Seafood in Indonesia report offers a comprehensive guide to the size and shape of the market at a national level.
