## Abstracts

Processed meat and seafood is anticipated to largely benefit from the COVID-19 pandemic with current value sales growing notably. The main reason for this will be due to increased consumption opportunities as most Slovenians have been spending more time at home in 2020 due to lockdown. However, consumption habits have changed significantly, with many consumers opting for packaged meat products compared to the more traditional butcher's unpackaged meats due to safety concerns. Many perceive packa...
