Abstracts

COVID-19 lockdowns have benefited the retail performance of processed meat and seafood in 2020, as consumers are spending more time at home and thus cooking more frequently. Another positive impact came from borders being closed, which meant that cross-border sales were non-existent as Swiss consumers were not able to use this shopping channel as they usually do. The Swiss food retail trade benefited from this with a significant increase in turnover when comparing the periods March to June 2019...

Euromonitor International's Processed Meat and Seafood in Switzerland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2015-2019, allowing you to identify the sectors driving growth.
