Abstracts

Shelf stable seafood saw a slight rise in its unit volume sales in 2021, which benefited the packaging unit volumes of metal food cans, glass jars and folding cartons used in the packaging of these products. One benefit of metal cans is their durability -- because of the strength and rigidity of metal, it is possible to fill cans faster without any product loss. Metal's durability also helps maximise space during storage and transportation. Cans are able to stack on top of one another without d...
