Abstracts

Frozen processed vegetables have been gaining in popularity in Colombian processed fruit and vegetable packaging due to their convenience, longer shelf life and retention of nutritional value. Flexible plastic is the favoured pack type for these products owing to its versatility, cost-effectiveness and ability to preserve product freshness and quality, aligning with consumer preferences and practicality. For example, Verde Fresco offers a range of frozen vegetables, including peas, corn and mixe...

Euromonitor International's Processed Fruit and Vegetables Packaging in Colombia report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.
