## Abstracts

After seeing a spike in demand in 2020, due to consumer stockpiling when the pandemic hit the country, shelf stable fruit and vegetables have since been recording declines in retail unit volumes in 2021 and 2022. Despite these declines, shelf stable products still dominate processed fruit and vegetables sales in Argentina, with metal food cans, in turn, the main pack type. However, while metal food cans were declining in shelf stable fruit and vegetables in 2022, brick liquid cartons were contin...
