Abstracts

The price of soybeans has seen a continuous surge since 2020 in response to persistently rising demand, with domestic output declining during the latter years of the review period. The retail consumption of soybeans and other soybean byproducts, such as soy milk and soy protein, has increased significantly as consumers have become more health-conscious as a result of the pandemic. Other than retail consumption, demand has also been surging from manufacturers of animal feed and edible oils, as we...

Euromonitor International's Pulses in Thailand report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data in volume terms 2019-2023, allowing you to identify the sectors driving growth.
