Abstracts

Stagnating over 2014-2019, ready meals in Eastern Europe maintains strong potential for growth. Despite strong reliance on traditional products, such as pelmeni and pierogi, opportunities for development extend to all ready meals categories. It is expected to be common for ready meals to reposition as healthier and more premium, and to expand in terms of the product assortment.

Euromonitor International's Ready Meals in Eastern Europe global briefing offers an insight into the size and shape of the Packaged Food market, highlights buzz topics, emerging geographies, categories and trends and identifies the leading companies and brands. It also offers strategic analysis on driving packaged food industry trends like health and wellness, premiumisation, convenience and value-for-money and how those trends influence factors like new product developments, packaging innovations, retail distribution and retail pricing both historically and into the future.

Product coverage: Cooking Ingredients and Meals, Dairy Products and Alternatives, Snacks, Staple Foods.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
