Abstracts

As the number of consumers dining at home increased during lockdown, meal kit producers experienced a surge in demand. As a result, packaging unit volumes of folding cartons and flexible plastic used in dinner mixes recorded explosive growth in 2020. While unit volumes declined slightly in 2021, demand for these products, and their packaging, remained at heightened levels in this year, well above pre-pandemic sales. The very new packaging area of thin wall plastic containers in dinner mixes stil...
