Abstracts

The COVID-19 pandemic was beneficial for sales of ready meals in the Philippines during 2020 as the imposition of quarantine lockdowns and the strict approach taken to social distancing and home seclusion meant that many consumers spent much of their time at home during this year. With consumer foodservice outlets also closed for extended periods in many parts of the country and people reluctant to socialise outside of the home generally throughout the year, this meant a major shift towards cook...

Euromonitor International's Ready Meals Packaging in Philippines report offers insight into key trends and developments driving packaging across the category.
