Abstracts

Chilled ready meals continued to record strong unit volume growth in its packaging in 2021. While consumers in home seclusion had been looking for easy options to cook and eat a year earlier in 2020, as consumer mobility increased in 2021, home cooking was decreasing, with consumers often turning to chilled ready meals as they are a convenient alternative. This helped maintain strong growth in the packaging unit volumes of folding cartons, aluminium trays, flexible plastic, thin wall plastic con...
