Abstracts

While dinner mixes was already the most dynamic category in ready meals packaging prior to the pandemic, it received a major spike in its demand in 2020, as the COVID-19 restrictions boosted demand for these products. With consumers in home seclusion and also unable to access foodservice outlets for extended periods during 2020, they were cooking a lot more of their meals at home – with dinner mixes an ideal product to enable them to do so. This boosted all the pack types used in dinner mixes in...
