Abstracts

Despite the presence of economic challenges that limit consumers' disposable incomes, refrigeration remains a key necessity for many South Africans. This is evident by the consistent demand for refrigeration appliances in the country over much of the review period. Although some consumers may prolong their replacement cycle for their respective appliances, they still often find themselves having to replace their existing refrigeration appliances to keep abreast of trends that allow them to enjoy...

Euromonitor International's Refrigeration Appliances in South Africa report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth.
