## Abstracts

Retail adult incontinence in Austria recorded strong growth in current value terms in 2023. While this was partly due to inflationary pressures, such products also experienced a heightened demand, due to the growing number of consumers suffering from incontinence. This in turn, was reflective of an ongoing ageing population, with continued growth of the number of people aged 65 and over. Leading brands also continued to focus on improving product availability and delivering more effective market...

Euromonitor International's Retail Adult Incontinence in Austria report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
