Abstracts

Educational efforts from brands and retailers, coupled with the ageing Canadian population, have significantly contributed to a positive outlook for retail adult incontinence in 2023 and beyond. As demographics shift and the population ages, there is a growing need for information and access to suitable products to manage incontinence effectively. Brands and retailers have been proactive in providing educational resources, both online and offline, to raise awareness about incontinence conditions...

Euromonitor International's Retail Adult Incontinence in Canada report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.
