Abstracts

In 2023, retail adult incontinence in Greece recorded positive retail value and volume growth, with value sales boosted by rising price points. Unlike other hygiene product categories where the share of private labels is low, this is not the case with retail adult incontinence. While the share of private labels was already high, price-conscious behaviour in 2023 saw private labels grow further. The strong share of private label is often because the buyer is not the end user when it comes to heav...

Euromonitor International's Retail Adult Incontinence in Greece report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
