Abstracts

Retail adult incontinence in Indonesia saw sales supported in 2023 by the country's ageing population, driving robust volume and current value growth throughout the year with double-digit rises. The elderly population is set to continue to expand, underscoring massive growth potential for retail adult incontinence products in Indonesia - particularly as many regions are still largely unexposed to these products. Improving education levels among local consumers, as well as increased exposure to i...

Euromonitor International's Retail Adult Incontinence in Indonesia report offers a comprehensive guide to the size and shape of the market at a national level.
